

**SOCIETY OF WOMEN ENGINEERS
CENTRAL OHIO SECTION
Membership Meeting
May 17, 2006**

Kristina Kennedy, President, started the membership meeting at Fuddrucker's on Fishinger Blvd, 6:30 p.m., 5-17-06.

We passed around a sign-in sheet. There were 12 of us in attendance.

Kristina started the meeting. She distributed nomination forms for FY07 officers.

Membership surveys were distributed and collected by Jessica. We will draw a name from those who completed the surveys at the June EC meeting and award a prize.

Kristina introduced Meghan Roe, who spoke on "Environmental Impact." Inaas Darrat added comments from her environmental engineer position. Meghan recommended planning BEFORE you even break ground for the manufacturing facility you are planning. Elizabeth asked about storm water treatment. In summary, we need a balance between US and the rest of the world – either they need more regulations or WE can't compete.

Meghan passed out calculators to all attendees, compliments of PPG Industries, Inc., Circleville, OH

Suzanne Miller reported out on the Komen Race for the Cure Survivor Palooza "Beauty" tent training she attended this evening. Nine of us are attending the Komen Race for the Cure as volunteers tomorrow, May 20, 2006.

12 attendees included:

1. Kristina Kennedy
2. Jessica Flasche
3. Darcy Dom
4. Chuck Flasche (non-member)
5. Michelle Miller
6. Lee Ann Schwope
7. Eddie Boardwine (non-member)
8. Inaas Darrat
9. Elizabeth Widman
10. Suzanne Miller
11. Lynne Waldron
12. Meghan Roe

Respectfully submitted,

Lynne M. Waldron
