

About Us

The Society of Women Engineers (SWE) and the National Society of Black Engineers (NSBE) are 501 (c) (3) non-profit educational and service organizations.

SWE is the driving force that establishes engineering as a highly desirable career aspiration for women and empowers women to succeed and advance in those aspirations and be recognized for their

life-changing contributions and achievements as engineers and leaders.

NSBE's mission is to increase the number of culturally responsible Black Engineers who excel academically, succeed professionally and positively impact the community.

The SWE and NSBE membership is approximately 75,000 members with both student and professional members from the United States and Puerto Rico

Past SWE and NSBE Events

SWE:

Girl Scouts Engineering Workshops
Professional Development Seminars for SWE
Section Members
Charity Event at West Gate Tabernacle Church

NSBE:

Girls II Women Career Fair
Forest Hill High School Engineering
Academy Supporters
Scholarship Program for HS and College
SECME Volunteers
Take Stock in Children Career Fair

Boys & Girls Scouts Student Volunteer hours

ENGINEERING FAMILY FUN DAY

SATURDAY

NOVEMBER 20th, 2010

DREHER PARK

WEST PALM BEACH

(Park is across the street from Dreher Park Zoo)

Jointly presented by
the local chapters of the
Society of Women Engineers
and
National Society of Black Engineers

EF²D

November 20

10 am—2 pm

**Location: Dreher Park
West Palm Beach**

The SWE Southeast Florida Section (SWE) and the NSBE Palm Beach Alumni Extension (PBAE) are proud to join efforts and organize the **“Engineering Family Fun Day”** for Palm Beach County students. The objective of this event is to educate the community on the opportunities available in an engineering education and inspire an interest in the areas of math and science in young students in Palm Beach County. Our intent is to in-

crease the students’ as well as their parents, teachers, and counselors’ knowledge of engineering and other technical fields.

The event will involve booth set-ups from diverse engineering companies,

engineering organizations, and local sponsors. Each sponsored booth will present a hands on engineering related activity by which the students, parents, and engineers can interact with each other. In addition there will be informational booths from colleges and universities with engineering type programs.

We are asking your company to be a booth sponsor for this event. The following is information about sponsorship opportunities. Money raised from this event will be used for the scholarship and community service projects that both SWE and NSBE are proud to provide for the community.

Sponsorship Opportunities

Being an EF²D booth sponsor benefits your company in the following ways:

- ✓ Hands-on involvement with local school children
- ✓ Exposure in the community as an engineering leader
- ✓ Networking with other organizations and businesses
- ✓ A named partner and supporter of the scholarship and community service programs of SWE and NSBE

Platinum (Celestial)

\$750

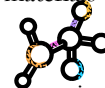

- Your company logo on all promotional material
- Booth at the event
- Banner for the booth
- 10 event shirts
- Breakfast and lunch for 10 company representatives
