

EMERGING LEADER AWARD (PROFESSIONAL/MAL)

The Gulf Coast Region Emerging Leaders Award (Professional/Mal) honors any SWE Professional/MAL members who have been actively engaged in an engineering or technology profession/degree, has demonstrated outstanding technical excellence and has consistently engaged with SWE. Award will be presented at the annual SWE Region C Conference.

Maximum number of annual awards given is one.

Qualifications might include:

1. A member who has been actively engaged in an engineering or technology profession.
2. A member who has demonstrated outstanding technical excellence resulting in significant accomplishments.
3. A member who has demonstrated outstanding leadership excellence.
4. A member who has demonstrated consistent SWE membership and participation with SWE activities.

Experience:

- Minimum five (5) years of cumulative engineering experience as of December 31. Each advanced engineering degree obtained on a fulltime basis counts as one year of experience.

Main Criteria:

The main criteria for selection are based on:

1. 50% Professional Achievements Demonstrating Technical Leadership: Discuss the nominee's active engagement in an engineering or technology profession and achievements demonstrating leadership in her profession. This should include details on her leadership role, what responsibilities she had in this role, and tangible results of the project/team.
2. 25% Community Involvement and Leadership Activities: Discuss the nominee's involvement in the community including the leadership roles held in community activities. Emphasis should be given to activities in which the nominee was leading an event or activity.
3. 25% SWE Involvement and Leadership Activities: Discuss the nominee's involvement in the SWE community including event and/or activities and the leadership roles. Emphasis should be given to activities in which the nominee was leading an event or activity.

EMERGING LEADER AWARD (COLLEGIATE)

The Gulf Coast Region Emerging Leaders Award (Collegiate) honors any SWE collegiate member who has been actively pursuing and/or engaged in an engineering or technology degree, has demonstrated outstanding technical excellence and has been a consistently engaged with SWE. Award will be presented at the annual SWE Region C Conference.

Maximum number of annual awards given is one.

Qualifications might include:

1. A Collegiate member who has been actively engaged in pursuing an engineering or technology degree and
2. A Collegiate member who has demonstrated outstanding leadership excellence resulting in significant accomplishments toward the SWE mission.
3. A Collegiate member who has demonstrated consistent SWE membership and actively participates in SWE activities.

Experience:

1. Currently a colligate SWE member or is no more then 1 year out of college as of December 31 during the FY of the nomination.
